Operation Method:

Powered

Retrieval Winding Method:

Overwind

Drum Surface Design:

Plain

Special Features:

10, 000 lb. Line pull hydraulic industrial grade winch; 9.750 in. Drum width; wire rope capacity 3/8 in. By 115 ft.; motor located on drivers side; counter clockwise drum rotation

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A02800
