Mounting Hole Quantity:

3

End Application:

2320-01-544-9638

Product Name:

Spacer assembly, mirror

Special Features:

This item has critical welds law drawing 12479550; length from bracket arm mounting hole center to end is 3.093 and width from bracket arm end to mounting hole center is 1.585; see drawing for additional details

Material:

Stainless steel

Surface Treatment Specification:

law drawing 12480694 except topcoat shall be black mfr ref single treatment response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A042a0
