Overall Length:

16.438 inches

Overall Height:

0.625 inches

Overall Width:

1.5 inches

Mounting Hole Quantity:

12

Overall Thickness:

0.625 inches

End Application:

5411-01-587-0839, shelter, expandable

Product Name:

Ceemc, roller and sleeve attachment plate.

Special Features:

8 holes drilled through 0.328 inches, 4 holes drilled through 0.484 inches. -2 part number is for right side.

Material:

Aluminum alloy 6061

Material Specification:

Sae ams-qq-a-250/11 thickness 0.625 inches. Assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0
