Width:

6.0 inches

Thickness:

0.25 inches

Length:

6.0 inches

End Application:

2320-01-540-2038, truck, utility

Cushioning Material:

Neoprene compound

Product Name:

Ultra-strenght neoprene rubbe (60a medium hard)

Special Features:

Adhesive backed, 60a duro meter rating, color: black, temperature range: -40 to 200f, tensile strenght: 2, 500 psi, finish: smooth, meets astm d2000 bc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T141-e
