Inside Diameter:

1.50 inches

Overall Length:

3.00 inches

Mounting Method:

Screw

End Application:

Boat, harbor

Specific Use:

To add nessary fluids to vehicle

Product Name:

Filler neck, vehicular components

Special Features:

Cap threads 1-1/4in-11-1/2; 30degree angle on neck

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A520u0
