Overall Length:

0.800 inches

Overall Height:

1.470 inches

Mounting Hole Quantity:

4

Overall Thickness:

0.190 inches

End Application:

Vehicle

Product Name:

Mounting, bracket

Material:

Aluminum alloy 2024 or aluminum alloy 6061

Material Specification:

Qq-a-250/4 national standard all material responses and qq-a-250/11 national standard all material responses

Surface Treatment:

Anodize

Surface Treatment Specification:

Mil-a-8625(anodic coating type ii, class 2 dyed black military specification all treatment responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A042a0

Mil-std (military Standard):

Mil-a-8625 spec.
