Edge Shape:

Rectangle, two ears and holes

Mounting Hole Type:

Plain and through hole all holes

Mounting Hole/slot Quantity:

2

End Application:

3930-01-522-7364; rough terrain container handler

Usage Design:

Vehicular

Mounting Method:

Bolt

Product Name:

Cover

Vehicle Identification Designator:

Rt240

Special Features:

Oem cage 43pf5 does not sell to government

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531c0
