Tread Pattern:

Rib

Tire Air Retention Method:

Tube type

Tire Ply Arrangement:

Bias

Tire Strength:

C load range

Tire And Size Designation:

6.90/6.00-9 numeric

Service Type:

Agricultural implement

Special Features:

As modified by service and size

Material:

Plastic cellulose acetate

Specification Data:

81348-zz-t-410 government specification

Specification Or Standard:

1 group and a type

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A504s0
