Tread Pattern:

Grip deep

Maximum Inflation Pressure:

125.0 pounds per square inch

End Application:

Mobile landing ramp (1696c366f); scoop loader type 2 (950bsce), usaf : hydraulic test stand ttu-228; trailers; 4000 engine trailers: liquid o2 cart

Features Provided:

Flaps

Tire Air Retention Method:

Tube type

Tire Ply Arrangement:

Bias

Tire Load Maximum Capacity:

2050.0 pounds load limits

Tire Strength:

E load range

Tire And Size Designation:

6.00-9 numeric

Service Type:

Industrial material handling

Item Type Category:

Tire

Special Features:

Deep tread class 3 lug.

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A504s0
