Service Type And Tread Design:

Industrial material handling rib

Tire Air Retention Method:

Tube type

Tire Ply Arrangement:

Bias

Tire Strength:

D load range

Tire And Size Designation:

8.00-12 numeric

Special Features:

Rated speed 30.0 miles/hour; ozone resistant

Specification Or Standard:

One quality

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A504s0
