End Application:

Usaf; mhu-194 manually operated forklift

Service Type And Tread Design:

Industrial forklift smooth

Tire Air Retention Method:

Tube type

Tire Ply Arrangement:

Bias

Tire Strength:

C load range

Tire And Size Designation:

18.00-7-8 numeric

Special Features:

Front tires for mhu-194

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A504s0
