Tread Pattern:

Grip regular

End Application:

Usaf molt mhu-194/e.

Features Provided:

Flaps

Tire Air Retention Method:

Tube type

Tire Ply Arrangement:

Bias

Tire Strength:

6 ply rating

Tire And Size Designation:

5.70-8 numeric

Service Type:

Industrial forklift

Special Features:

The age of the tires when shipped must not be older than 18 months from the date of manufactured or retread

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A504s0
