Application Design:

Industrial tractor

Size Designation:

4.80/4.00-8

Body Material:

Rubber, natural

Inflation Device Type:

Tr13

Inflation Device Position:

Off center

Construction:

Regular

Base Construction:

Standard

Special Features:

Dual size, used on air force; lowbed trailer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A009a0
