| Maximum Inflation Pressure:       |
|-----------------------------------|
| 85.0 pounds per square inch       |
| End Application:                  |
| A/FM-HU-226-MUNI                  |
| Features Provided:                |
| No flaps                          |
| Service Type And Tread Design:    |
| Industrial implement rib multiple |
| Tire Air Retention Method:        |
| Tubeless type                     |
| Tire Ply Arrangement:             |
| Bias                              |
| Tire Load Maximum Capacity:       |
| 3360.0 pounds load limits         |
| Tire Strength:                    |
| E load range                      |
| Tire And Size Designation:        |
| 22.00/8.00-10 numeric             |
| Service Type:                     |
| Industrial implement              |
| Material:                         |
| Rubber natural                    |
| Shelf Life:                       |
| N/a                               |
| Unit Of Measure:                  |
|                                   |
| Demilitarization:                 |
| No                                |
| Fiig:                             |
| A504s0                            |
|                                   |
|                                   |
|                                   |
