Maximum Inflation Pressure:

45.0 pounds per square inch

End Application:

Usmc 420d it backhoe loader (front tire)

Features Provided:

Flaps

Tire Air Retention Method:

Tube type

Tire Ply Arrangement:

Bias

Tire Load Maximum Capacity:

4820.0 pounds load limits

Tire Strength:

E load range

Tire And Size Designation:

12.5/80-18 numeric

Service Type:

Agricultural tractor

Special Features:

SERV-IC-ETY-PEAN

Material:

Rubber synthetic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A504s0
