**Core Environmental Protection:**

Heat resistant

**Commercial Core Length Designator:**

Short

**Spring Material:**

Steel, corrosion resisting

**End Application:**

Used on tank combat m60a2, trailer, lowbed, combat engineer

**Size Designation:**

Standard

**Spring Tension Type:**

High

**Accessory Type:**

Valve

**Fsc Application Data:**

Pneumatic tire

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T318-e
