Core Environmental Protection:

Heat resistant

Commercial Core Length Designator:

Short

Spring Material:

Steel, corrosion resisting

End Application:

Used on tank combat m60a2, trailer, lowbed, combat engineer

Size Designation:

Standard

Spring Tension Type:

High

Accessory Type:

Valve

Fsc Application Data:

Pneumatic tire

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T318-e
