Environmental Protection:

Corrosion resistant and oxidation resistant

End Application:

Mrap buffalo mk2a2

Unit Package Type:

Can

Basic Ingredient:

Vegetable oil potash soap

Maximum Viscosity At Rated Temp:

Not rated

Minimum Viscosity At Rated Temp:

Not rated

Content Within Each Unit Package:

1 gal

Accessory Type:

Tool and equipment

Special Features:

5 gal can available under (nsn 2640-00-256-5529)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T318-j
