Core Environmental Protection:

Heat resistant

Commercial Core Length Designator:

Short

Spring Material:

Steel, corrosion resisting

Size Designation:

Standard

Spring Tension Type:

High

Supplementary Features:

U/w nsn 4820-00-546-2345 and nsn 4820-00-856-8514 valve pneumatic

Fsc Application Data:

Valve, inflating connection

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T318-e
