**Cylinder Quantity:**

4

**Starting Method:**

Electric

**Piston Displacement:**

Between 60.800 cubic centimeters and 995.000 cubic centimeters

**Special Features:**

50 horsepower prop; water cooled with thermostat cooling system; wet sumpwith pressurized lube system; 20 inch shaft length; overheat warning system; 2 year warranty

**Fuel Type:**

Gasoline

**Unpackaged Unit Weight:**

248.000 pounds

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T274-a
