End Application:

R2800-52w aircraft engine

Accessory Components And Quantity:

No. 272916r2 piston, p-4w top compression ring, standard second & third compression ring, no. 234525 oil scraper ring & no. 221002 exhaust valve

Special Features:

Original part name - cylinder assembly, engine

Reference Data And Literature:

Airforce to. 2r-r2800-44

General Description:

Complete assembly; rear cylinders no. 1, 3, 5, 7, 13, 15, & 17

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
