**End Application:**

Engine, diesel, propulsion

**Special Features:**

Cast aluminum body; mso and mcm ships

**Reference Number Differentiating Characteristics:**

As differentiated by magnetic permeability shall be less than 1.2 before fabrication and not greater than 2.0 after fabrication as measured in a oersted field

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A517a0
