Casehardening Indicator:

Not casehardened

Counterbore Diameter:

0.570 inches

Overall Length:

2.375 inches

Body Outside Diameter:

0.750 inches

Spherical Radius:

9.000 inches

Size Designation:

Standard

Material And Location:

Steel

Operation Method:

Hydraulic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T267-f
