Casehardening Indicator:

Not casehardened

Overall Length:

66.1 millimeters

Size Designation:

Standard

Material And Location:

Steel body

Operation Method:

Hydraulic

Metallic Hardness Rating And Location:

Rockwell superficial 15-n

Cam End Diameter:

22.7 millimeters

Distance From Body Hole Center To Cam End:

46.1 millimeters

Style Designator:

Chamfered, concentric hole push rod end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T267-f
