Inlet Connection Type:

Flanged

Cubic Measure:

2.0000 cubic feet

Outlet Quantity:

1

Inlet Quantity:

3

Temperature Regulating Valve Opening:

Not included

Special Features:

Manifold secured to head with studs and mounting brackets; outlet connection type; clamp with gasket

Fsc Application Data:

Exhaust system v-92 diesel engine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T109-g
