Overall Length:

2.610 inches

Outside Diameter:

0.626 inches

End Application:

Mrap caimen

Product Name:

Guide, valve (service)

Special Features:

Surface may be wholly or partly unmachined; corners must not be sharp; surfaces must be clean and dry; goetze material med-131c sintered powder metal pmf-10; apparent hardness 70-100 hrb at 0.25 inches either end (center apparent hardness to be 60 hrb min)

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T267-e
