Overall Length:

4.509 inches

End Application:

Aircraft eng j85

Design Type:

Compressor

Blade Attachment Method:

Pin

Engine Section Location:

Compressor

Stage Number:

1

Special Features:

0.260-0.262 in. W of dovetail

Material:

Steel blade

Material Specification:

B50t1147 mfr ref single material response blade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A10700
