Mounting Type:

Base

Overall Length:

25.800 inches

Overall Height:

24.000 inches

Overall Width:

19.330 inches

Power Output For Which Designed:

Shaft

Special Features:

Current type dc; inclosure not included; furnished items are starter, govenor, fuel pump, oil pump presure, oil filter, oil tank; shaft horsepower rating 59.0; shaft horsepower rating speed in rpm 8000.0; altitude at which horsepower is rated feet 0.0; inlet air temp at which horsepower is rated deg

Fuel Type:

Jet fuel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A526a0
