**General Description:**

24 vdc operating voltage, 75 watts nom power, spst n/c, 2 amps resistive, 1 amp inductive at 28 vdc thermal switch, 180 porm 20 degrees f temp setting, 18 to 32 vdc operating range, 27.000 in. Heated lg, insulation and fastenings to be resistant to synthetic lubricants and diesel fuels

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No
