Diameter:

2.115 inches

End Application:

2350-01-087-1095 tank, combat, full tracked

Special Features:

Shaft lg 12.543 min 12.576 maximum in.; internal involute helical spline and external threads first end; threaded second end

Material:

Steel

Material Specification:

Ams6381 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A10700
