Overall Length:

8.850 inches

Overall Width:

1.740 inches

End Application:

Gtcp33 (250g) , c17 acft

Design Type:

Axial compressor

Engine Section Location:

High pressure turbine

Special Features:

Pn3844011-8 nha

Material:

Nickel alloy

Material Specification:

In738lc airsearrh ems55445 mfr ref all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10700
