## NSN 2840-00-019-2224

Aircraft Gas Turbine Engine Heat Shield - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/2840-00-019-2224

Overall Length:
4.400 inches
End Application:
Aircraft eng j57
Engine Section Location:
Turbine
Material:
Nickel alloy shield
Material Specification:
Ams5536 assn standard single material response shield
Shelf Life:
N/a
Unit Of Measure:
--Demilitarization:

Fiig: A530f0
