Overall Length:

2.264 inches

Diameter:

1.240 inches

End Application:

Engine, acft, turbofan, model f100pw100

Engine Section Location:

Turbine

Material:

Steel comp 321 shield

Material Specification:

Ams5510 assn standard single material response shield

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530f0
