End Application:

2840-00-072-8965

Reference Data And Literature:

Gei 67880 fig.2-h-1 index 20

General Description:

4 mounting holes equally spaced on flange, 2 side rails

Type/model Designation:

J79-11a/turbojet

Fsc Application Data:

Lubrication system sump pressurizing valve

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
