**Overall Length:**

0.765 inches

**Overall Width:**

0.045 inches

**Material Thickness:**

0.049 inches

**End Application:**

J-57 aircraft eng

**Stage Number:**

15

**Special Features:**

T.O. 2j-j57-14; goes on the rotor-rear compressor

**Material:**

Nickel alloy

**Material Specification:**

Pwa1038 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A503q0
