| Overall Length:                        |
|--|
| 1.6715 inches                          |
| End Application:                       |
| Aircraft eng j79, j85, t58, t64        |
| <b>Criticality Code Justification:</b> |
| Agav                                   |
| <b>Engine Section Location:</b>        |
| Compressor                             |
| Material:                              |
| Nickel alloy                           |
| Shelf Life:                            |
| N/a                                    |
| Unit Of Measure:                       |
|  |
| Demilitarization:                      |
| Yes - demil/mli                        |
| Fiig:                                  |
