Overall Length:

0.430 inches

Diameter:

1.994 inches

End Application:

J-85 aircraft eng

Hardness Rating:

32.0 rockwell c housing and 38.0 rockwell c housing

Criticality Code Justification:

Agav

Engine Section Location:

Accessory gearbox

Material:

Steel housing

Material Specification:

Ams6382 assn standard single material response housing

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A530f0
