End Application:

Aircraft eng f108-cf-100

Design Type:

Axial compressor

Engine Section Location:

Compressor

Stage Number:

9

Special Features:

Was compressor rotor, axial, turbine engine; dual rotors; high bypass fan; includes stages 1 through 9

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A10700
