Overall Length:

24.190 inches

End Application:

Aircraft eng f101

Design Type:

Axial compressor

Engine Section Location:

Compressor

Stage Number:

1

Special Features:

Was compressor rotor, axial, turbine engine; includes stages 1 and 2; functional description fan

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A10700
