**Overall Length:**

24.190 inches

**End Application:**

Aircraft eng f101

**Design Type:**

Axial compressor

**Engine Section Location:**

Compressor

**Stage Number:**

1

**Special Features:**

Was compressor rotor, axial, turbine engine; includes stages 1 and 2; functional description fan

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A10700
