Overall Width:

0.940 inches

Diameter:

10.720 inches

End Application:

Aircraft eng tf33

Criticality Code Justification:

Agav

Engine Section Location:

Turbine

Material:

Steel shield

Material Specification:

Ams5510 assn standard single material response shield

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530f0
