End Application:

F100-pw-220/220e aircraft gas turbine engine

Design Type:

Axial compressor

Product Name:

Original name case and nozzle, turbine, turbine engine

Engine Section Location:

Fan

Special Features:

T.O. 2j-f100-24, fig 119, ind 1; 1st stage front fan case and stator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A10700
