Overall Length:

1.685 inches

Overall Width:

0.771 inches

Material Thickness:

0.090 inches

End Application:

Garrett atf3 engine

Design Type:

Compressor

Blade Attachment Method:

Slot

Product Name:

Blade, turbine engine

Engine Section Location:

Compressor

Stage Number:

2

Special Features:

Blade is concave in shape

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A10700
