Overall Length:

1.100 inches

Overall Height:

1.000 inches

Overall Width:

1.100 inches

Material Thickness:

0.020 inches

Engine Section Location:

Turbine

Material:

Aluminum alloy 2024

Material Specification:

Qq-a-250/5 federal specification single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A10700
