**Overall Length:**

2.816 inches

**Overall Height:**

1.250 inches

**Overall Width:**

0.750 inches

**End Application:**

Pacer dawn

**Criticality Code Justification:**

Agav

**Special Features:**

Goes on the actuator strut; variable nozzle

**Material:**

Steel

**Material Specification:**

Ams4991 assn standard single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A504m0
