Overall Length:

2.816 inches

Overall Height:

1.250 inches

Overall Width:

0.750 inches

End Application:

Pacer dawn

Criticality Code Justification:

Agav

Special Features:

Goes on the actuator strut; variable nozzle

Material:

Steel

Material Specification:

Ams4991 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A504m0
