Overall Width:

0.590 inches

End Application:

Pacer dawn

Criticality Code Justification:

Agav

Engine Section Location:

Compressor

Special Features:

Matl alt cobalt cres 347

Material:

Nickel alloy

Material Specification:

Ams5362 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A530f0
