**Overall Length:**

1.468 inches

**Overall Width:**

Between 0.758 inches and 0.766 inches

**End Application:**

F100pw229

**Criticality Code Justification:**

Agav

**Engine Section Location:**

Compressor

**Stage Number:**

12

**Material:**

Nickel alloy blade

**Material Specification:**

Pwa1005 mfr ref single material response

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A10700
