End Application:

F100-pw-229 aircraft engine; softened coating pwa 279 used on the vane

Design Type:

Compressor

Criticality Code Justification:

Apgf and czbj and feat

Engine Section Location:

Compressor

Special Features:

T.O. 2j-f100-54, fig 88, ind 46; includes stgs 10-12; use only on 4068722-807

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A10700
