End Application:

Sh-2g

Product Name:

Cover assembly-oil tank main g/b lubesystem

Special Features:

Wplate portion of assembly material isaluminum alloy 6061-t6, material specification qq-a-250/11, stock size 0.090 x 7.600 x 7.600 inch; hydrostatic pressure test at 10 psi; plate assembly is 7.000 inch diameter center hole to center hole; nha pnk878305

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
